ECODESIGN AND ENERGY LABELLING REQUIREMENTS FOR REFRIGERATING APPLIANCES WITH A DIRECT SALES FUNCTION: **INDUSTRY RECOMMENDATION**

26 JANUARY 2021

14:30-16:00H (BRUSSELS TIME)

In this webinar, expert members will present the Eurovent Industry Recommendation on the Ecodesign and Energy Labelling requirements for refrigeration appliances with a direct sales function.

Key learning points of this webinar include:

1. Ecodesign and Energy Labelling requirements for refrigerating appliances with a direct sales function and EPREL (including products in the scope of the Regulations)
2. What is a reference/deducted model and how to extrapolate the EEL of a deducted model
3. How to deal with incomplete deliveries and how to increase the effectiveness of market surveillance

The individual topics will be followed by a moderated Q&A session, where participants are invited to discuss any related issues.

AGENDA

Time	Topic	Speaker/Moderator
PART 1		
14:30-14:35h	Welcome remarks	Mr Pierluigi Schiesaro
14:35-14:45h	Ecodesign and Energy Labelling requirements and EPREL	Mr Francesco Mastrapasqua
	Products (not) in the scope of the Regulations	
	Products not covered by the Energy Efficiency and Energy Labelling requirements and covered by the Resource efficiency and Information requirements only	
14:45-15:05h	Reference models and extrapolation rules for remote cabinets	Ms Ines Muehlhaus
	Reference models and extrapolation rules for integral/semi plugin cabinets	
15:05-15:20h	Market surveillance	Mr Daniel Antoñanzas
	Incomplete deliveries	
PART 2		
15:20-15:55h	Q&A	Mr Francesco Scuderi
15:55-16:00h	Closing remarks	Mr Felix Van Eyken

SPEAKERS

Mr Pierluigi Schiesaro
R&D Director
Arneg

Mr Francesco Mastrapasqua
Institutional Affairs Manager
Epta

Ms Ines Muehlhaus
Manager Systems Cabinets
Carrier

Mr Daniel Antoñanzas
General Manager
EXKAL

Mr Felix Van Eyken
Secretary General
Eurovent

Mr Francesco Scuderi
Deputy Secretary General
Eurovent

ABOUT EUROVENT

Eurovent is Europe's Industry Association for Indoor Climate (HVAC), Process Cooling, and Food Cold Chain Technologies. Its members from throughout Europe represent more than 1.000 organisations, the majority small and medium-sized manufacturers. Based on objective and verifiable data, these account for a combined annual turnover of more than 30bn EUR, employing around 150.000 people within the association's geographic area. This makes Eurovent one of the largest cross-regional industry committees of its kind. The organisation's activities are based on highly valued democratic decision-making principles, ensuring a level playing field for the entire industry independent from organisation sizes or membership fees.
