## Welcome on board DOGU as the new Eurovent member

**Brussels, Izmir, 20 February 2024. The Eurovent Board of Directors recently welcomed DOGU Iklimlendirme, a Turkish HVAC manufacturer, as a Corresponding Member during its first 2024 Board meeting on 30 January at its Headquarters in Brussels.**

DOGU Iklimlendirme established in 1999 is a Turkish ventilation and air conditioner manufacturers which mainly focuses on seven major product groups: Air Handling Units, Rooftops, Heat/Energy Recovery Units, Air Distribution & Management Products, Air Purifiers, Kitchen Ventilation Equipment and VRF Systems . DOGU Iklimlendirme is headquartered in Izmir, Turkiye and operates in a large-sized plant spread over two factories. Additionally, it has a sales network with three sales offices located in Istanbul, Ankara and Antalya in Turkiye together with authorised dealers in other countries. DOGU Iklimlendirme has been exporting to more than 60 countries in 4 continents.

Eralp Erim, Research and Development Supervisor at DOGU Iklimlendirme stated: “We as DOGU HVAC family are honoured and delighted to be admitted as a Corresponding Member to Eurovent. We have been actively involved in Eurovent processes and events in the field of Air Handling Units and Rooftops for many years. This responsibility allows us the opportunity to contribute more effectively to the goals of the organization by sharing the knowledge and experiences accumulated in the HVAC industry. Also this membership enables us to stay informed about current developments in the industry and enhances our opportunities for collaboration and communication.”

Is your organisation interested in becoming a member of our globally known industry association? All relevant information is available at [www.eurovent.eu](http://www.eurovent.eu). In case of any questions, contact the Eurovent Team via [secretariat@eurovent.eu](mailto:secretariat@eurovent.eu).

## About Eurovent

Eurovent is Europe's Industry Association for Indoor Climate (HVAC), Process Cooling, and Food Cold Chain Technologies. Its members from throughout Europe represent more than 1.000 organisations, the majority small and medium-sized manufacturers. Based on objective and verifiable data, these account for a combined annual turnover of more than 30bn EUR, employing around 150.000 people within the association's geographic area. This makes Eurovent one of the largest cross-regional industry committees of its kind. The organisation's activities are based on highly valued democratic decision-making principles, ensuring a level playing field for the entire industry independent from organisation sizes or membership fees.

## Our Member Associations

Our Member Associations are major national sector associations from Europe that represent manufacturers in the area of Indoor Climate (HVAC), Process Cooling, Food Cold Chain, and Industrial Ventilation technologies.

The more than 1.000 manufacturers within our network (Eurovent 'Affiliated Manufacturers' and 'Corresponding Members') are represented in Eurovent activities in a democratic and transparent manner.
