Eurovent hosts expert webinar on Ecodesign and Energy Labelling requirements

Webinar on 26 January 2021 to focus on Industry Recommendation for refrigerating appliances with a direct sales function

Brussels, 18 December 2020. On Tuesday, 26 January 2021, Eurovent will host an expert webinar on Industry Recommendation covering Ecodesign and Energy Labelling requirements for refrigerating appliances with a direct sales function. The webinar will take place from 14:30-16:00h and the speakers include members of the Eurovent Product Group 'Commercial Refrigeration Equipment'.

In this webinar, expert members will present the Eurovent Industry Recommendation on the Ecodesign and Energy Labelling requirements for refrigeration appliances with a direct sales function. Individual webinar topics will be followed by a moderated Q&A session, where participants are invited to discuss any related issues.

Welcome remarks will be given by the Chairman of the Eurovent Product Group 'Commercial Refrigeration Equipment', Mr Pierluigi Schiesaro (R&D Director, Arneg). The session will be moderated by the Deputy Secretary General, Mr Francesco Scuderi and terminated by the Eurovent Secretary General, Mr Felix Van Eyken. Expert speakers are members of the Eurovent Product Group 'Commercial Refrigeration Equipment':

- Mr Francesco Mastrapasqua (Institutional Affairs Manager, Epta)
- Ms Ines Muehlhaus (Manager Systems Cabinets, Carrier)
- Mr Daniel Antoñanzas (General Manager, EXKAL)

Key learning points of this expert webinar include:

1. Ecodesign and Energy Labelling requirements for refrigerating appliances with a direct sales function and EPREL (including products in the scope of the Regulations)
2. What is a reference/deducted model and how to extrapolate the EEI of a deducted model
3. How to deal with incomplete deliveries and how to increase the effectiveness of market surveillance

Interested participants can [register via this link](#). For questions, contact the Eurovent Team via secretariat@eurovent.eu or +32 466 90 04 01. Follow [Eurovent on LinkedIn](#) for updates and details concerning the webinar agenda and speakers.

About Eurovent

Eurovent is Europe's Industry Association for Indoor Climate (HVAC), Process Cooling, and Food Cold Chain Technologies. Its members from throughout Europe represent more than 1.000 organisations, the majority small and medium-sized manufacturers. Based on objective and verifiable data, these account for a combined annual turnover of more than 30bn EUR, employing around 150.000 people within the association's geographic area. This makes Eurovent one of the largest cross-regional industry committees of its kind. The organisation's activities are based on highly valued democratic decision-making principles, ensuring a level playing field for the entire industry independent from organisation sizes or membership fees.

Our Member Associations

Our Member Associations are major national sector associations from Europe that represent manufacturers in the area of Indoor Climate (HVAC), Process Cooling, Food Cold Chain, and Industrial Ventilation technologies.

The more than 1.000 manufacturers within our network (Eurovent 'Affiliated Manufacturers' and 'Corresponding Members') are represented in Eurovent activities in a democratic and transparent manner.
