Eurovent welcomes Deltrian as its newest member

Brussels, 25 January 2022. Eurovent welcomes Deltrian, a Belgian manufacturer of air filtration systems, as its newest Corresponding Member. The membership was formally approved during a meeting of the Eurovent Board of Directors in December 2021.

Founded in 1967, Deltrian has expertise in air quality management in various fields such as food-processing, automotive, microelectronic and pharmaceutical industries. Deltrian's wide range of products includes domestic filters, filter media, fan coil filters, panel filters, bag filters and mini pleat filters. It has a global distribution of its filters through its various offices in Asia, Europe and North America.

Following the approval of the membership, Mr Jurgen Alexius, Owner of Deltrian International, stated: "We are honoured to be part of the Eurovent family and to be given an incredible platform to participate in showing the importance of our industry and the impact it has on improving the indoor environment. With our expertise in the field of air filtration, we will put our skills upfront to collaborate well and be in sync with other important members of the Eurovent network, as we have always respected principles of equal opportunity."

Is your organisation interested in becoming a member of our globally known industry association? All relevant information is available at www.eurovent.eu. In case of any questions, contact the Eurovent Team via secretariat@eurovent.eu.

About Eurovent

Eurovent is Europe's Industry Association for Indoor Climate (HVAC), Process Cooling, and Food Cold Chain Technologies. Its members from throughout Europe represent more than 1.000 organisations, the majority small and medium-sized manufacturers. Based on objective and verifiable data, these account for a combined annual turnover of more than 30bn EUR, employing around 150.000 people within the association's geographic area. This makes Eurovent one of the largest cross-regional industry committees of its kind. The organisation's activities are based on highly valued democratic decision-making principles, ensuring a level playing field for the entire industry independent from organisation sizes or membership fees.

Our Member Associations

Our Member Associations are major national sector associations from Europe that represent manufacturers in the area of Indoor Climate (HVAC), Process Cooling, Food Cold Chain, and Industrial Ventilation technologies.

The more than 1.000 manufacturers within our network (Eurovent 'Affiliated Manufacturers' and 'Corresponding Members') are represented in Eurovent activities in a democratic and transparent manner.
