Arel Arsoy becomes Vice-Chairman of PG Rooftop Units

Brussels, 16 November 2021. Arel Arsoy (Research and Development Manager, Untes) was recently elected as the new Vice-Chairman of the Eurovent Product Group 'Rooftop Units'. Filip Konieczny (Ventilation and Air Conditioning Manager / Export Technical Specialist, FLOWAIR) remains the Chairman of the group.

Arel Arsoy has several years of experience in the Eurovent Product Groups 'Air Handling Units' and 'Fan Coil Units'. He is also the Chairman of the Eurovent AHU Mirror Committee of our Turkish Member Association ISKID and manages three new rooftop development projects with different conceptual design features within Untes.

Mr Arsoy stated: "I am honoured to be elected for the Vice-Chairmanship of the Product Group and appreciate the trust that my colleagues have bestowed on me. This group needs synergy internally in order to make decisions and obtain results as fast as possible on issues we are dealing with. With my experience and knowledge in this field, I hope to be helpful in developing the group efficiently in technical and legislative terms."

The Eurovent Product Group 'Rooftop Units' covers air-to-air air conditioners and heat pumps driven by an electric compressor and engaged with European and national legislation, namely Regulation (EU) 2016/2281 with regard to Ecodesign requirements for air heating products, cooling products, high temperature process chillers and fan coil units. It is also concerned with the development of EN, ISO and Eurovent standards and deals with general promotion of the industry.

About Eurovent

Eurovent is Europe's Industry Association for Indoor Climate (HVAC), Process Cooling, and Food Cold Chain Technologies. Its members from throughout Europe represent more than 1.000 organisations, the majority small and medium-sized manufacturers. Based on objective and verifiable data, these account for a combined annual turnover of more than 30bn EUR, employing around 150.000 people within the association's geographic area. This makes Eurovent one of the largest cross-regional industry committees of its kind. The organisation's activities are based on highly valued democratic decision-making principles, ensuring a level playing field for the entire industry independent from organisation sizes or membership fees.

Our Member Associations

Our Member Associations are major national sector associations from Europe that represent manufacturers in the area of Indoor Climate (HVAC), Process Cooling, Food Cold Chain, and Industrial Ventilation technologies.

The more than 1.000 manufacturers within our network (Eurovent 'Affiliated Manufacturers' and 'Corresponding Members') are represented in Eurovent activities in a democratic and transparent manner.
