HITECSA joins Eurovent as newest Corresponding Member

Brussels, Barcelona, 28 October 2021. Hiplus Aire Acondicionado (HITECSA), one of Spain's leading manufacturers of HVAC equipment for commercial sector, has been formally approved to join Eurovent family during recent online meeting of the association's Board of Directors.

Since 1982, HITECSA has been one of Spanish market leaders in the design and manufacture of medium- and high-powered climate control equipment. Its range of products includes, for example, air-air and water-air packaged units, rooftop units, air-water heat pumps and chillers, heat recovery ventilation units and fan coil units.

Mr Guillermo Rosenberg, Chairman of the HITECSA Board of Directors remarked: "We are happy to officially join Eurovent as a Corresponding Member. Being actively involved in the association's activities for many years and myself having been on the Board of Eurovent in the past, HITECSA recognises the high importance of association work when it comes to legislation, standardisation and industry representation. We look forward to actively contribute to the activities of Eurovent."

Is your organisation interested in becoming a member of our globally known industry association? All relevant information is available at www.eurovent.eu. In case of any questions, contact the Eurovent Team via secretariat@eurovent.eu.

About Eurovent

Eurovent is Europe's Industry Association for Indoor Climate (HVAC), Process Cooling, and Food Cold Chain Technologies. Its members from throughout Europe represent more than 1.000 organisations, the majority small and medium-sized manufacturers. Based on objective and verifiable data, these account for a combined annual turnover of more than 30bn EUR, employing around 150.000 people within the association's geographic area. This makes Eurovent one of the largest cross-regional industry committees of its kind. The organisation's activities are based on highly valued democratic decision-making principles, ensuring a level playing field for the entire industry independent from organisation sizes or membership fees.

Our Member Associations

Our Member Associations are major national sector associations from Europe that represent manufacturers in the area of Indoor Climate (HVAC), Process Cooling, Food Cold Chain, and Industrial Ventilation technologies.

The more than 1.000 manufacturers within our network (Eurovent 'Affiliated Manufacturers' and 'Corresponding Members') are represented in Eurovent activities in a democratic and transparent manner.
