

# ENERGY EFFICIENCY OF AIR HANDLING UNITS

## Hot and humid climates

28 APRIL 2022

08:00H (CEST) | 10:00H (GST)  
11:30H (IST) | 14:00H (SST)

Eurovent, Eurovent Middle East and Eurovent Certita Certification cordially invite you to its upcoming webinar, tailor-made for MEP engineers, consultants, manufacturers and authorities from the Middle East, India and Southeast Asia.

This webinar will present an expert view on the need for an energy label specifically for hot and humid climates. It will detail the methodology adopted to develop such a programme with contributions and data observations from across the world. The webinar will explain the application of this label and its use and benefits to consultants, investors and planners.

## AGENDA

Item	Topic	Speaker/Moderator
1	Welcome remarks and introduction	Markus Lattner
2	Eurovent's energy label for hot and humid climates: Programme origin and methodology	Sylvain Courtey
3	Energy efficiency in hot and humid conditions: Expert assessment and analysis	Prabhat PK Goel
4	Technical panel discussion	Pedro Lapa
5	Q&A	Vanshaj Kaul
