Swiss industrial manufacturer WIKA joins Eurovent

Brussels, Hitzkirch, 25 February 2022. WIKA has formally joined Eurovent as a Corresponding Member. It is one of Europe's leading manufacturers of mechanical and electronic pressure, temperature, level and force measuring devices.

WIKA, a family-run business founded in 1946 and active globally, is a manufacturer and supplier of industrial measurement technology including measuring instruments for HVAC applications for pressure, temperature, humidity and air quality. It also sets the standards in the measurement of level, force and flow, and calibration technology. WIKA was formally approved to join the Eurovent family during the most recent online meeting of the association's Board of Directors.

Following the formal membership approval, Mr Martin Widmer, Global Market Segment Manager VAC at WIKA, stated: "On behalf of WIKA, we are humbled to become a Corresponding Member of Eurovent, the leading HVACR industry association which represents manufacturers from all over Europe. Eurovent provides a good communication platform that allows us to discuss many aspects of the HVACR industry and share our point of view on critical issues in the sector."

Is your organisation interested in becoming a member of our globally known industry association? All relevant information is available at www.eurovent.eu. In case of any questions, contact the Eurovent Team via secretariat@eurovent.eu.

About Eurovent

Eurovent is Europe's Industry Association for Indoor Climate (HVAC), Process Cooling, and Food Cold Chain Technologies. Its members from throughout Europe represent more than 1.000 organisations, the majority small and medium-sized manufacturers. Based on objective and verifiable data, these account for a combined annual turnover of more than 30bn EUR, employing around 150.000 people within the association's geographic area. This makes Eurovent one of the largest cross-regional industry committees of its kind. The organisation's activities are based on highly valued democratic decision-making principles, ensuring a level playing field for the entire industry independent from organisation sizes or membership fees.

Our Member Associations

Our Member Associations are major national sector associations from Europe that represent manufacturers in the area of Indoor Climate (HVAC), Process Cooling, Food Cold Chain, and Industrial Ventilation technologies.

The more than 1.000 manufacturers within our network (Eurovent 'Affiliated Manufacturers' and 'Corresponding Members') are represented in Eurovent activities in a democratic and transparent manner.
