DUCO Ventilation & Sun Control becomes Eurovent member

Brussels, Veurne 15 November 2022. DUCO Ventilation & Sun Control, one of Europe’s key players in natural ventilation and solar shading systems, has been approved to join Eurovent family during the last meeting of the association’s Board in Antalya, Türkiye.

Since 1991, DUCO has been a producer of ventilation bidirectional units with heat recovery, unidirectional units and smart control of indoor air quality and solar shading systems for residential and non-residential applications. DUCO has a well-considered combination of basic ventilation, intensive ventilation and solar control systems that ensure optimum air quality. It offers a market-oriented range of design-led systems focusing on window ventilation, mechanical ventilation, wall and window louvres, roof turrets and louvre doors.

Jan Deklerck, Business Development Manager at DUCO remarked: “We are honoured to be part of the Eurovent family and to be given an incredible platform to participate in showing the importance of our industry and the impact it has on improving the indoor environment. As a multinational association, Eurovent is an ideal partner for us to strengthen our European ambitions.”

Is your organisation interested in becoming a member of our globally known industry association? All relevant information is available at www.eurovent.eu. In case of any questions, contact the Eurovent Team via secretariat@eurovent.eu.

About Eurovent

Eurovent is Europe's Industry Association for Indoor Climate (HVAC), Process Cooling, and Food Cold Chain Technologies. Its members from throughout Europe represent more than 1.000 organisations, the majority small and medium-sized manufacturers. Based on objective and verifiable data, these account for a combined annual turnover of more than 30bn EUR, employing around 150.000 people within the association's geographic area. This makes Eurovent one of the largest cross-regional industry committees of its kind. The organisation's activities are based on highly valued democratic decision-making principles, ensuring a level playing field for the entire industry independent from organisation sizes or membership fees.

Our Member Associations

Our Member Associations are major national sector associations from Europe that represent manufacturers in the area of Indoor Climate (HVAC), Process Cooling, Food Cold Chain, and Industrial Ventilation technologies.

The more than 1.000 manufacturers within our network (Eurovent 'Affiliated Manufacturers' and 'Corresponding Members') are represented in Eurovent activities in a democratic and transparent manner.
