## **ABB is BridgeBuilding Contributor of 2022 Eurovent Summit**

**Brussels, Skovlunde, 11 October 2022. ABB, one of the leading manufacturers of drives, motors and controls for HVACR, has become an official BridgeBuilding Contributor (sponsor) of the 2022 Eurovent Summit taking place from 25 to 28 October in Antalya, Türkiye.**

ABB is a technology leader serving industries and infrastructure, including HVACR applications, with world-class drives, motors, controls, and service. Having a global footprint, ABB supports its customers and partners across the world, helping them improve energy efficiency, productivity, and safety of their operations. Since its foundation more than 130 years ago, ABB has been highly focused on sustainable solutions and energy efficiency and is at the forefront of the digital revolution of most cities and infrastructure. ABB has committed to partner with its customers and suppliers to reduce their emissions and to achieve carbon neutrality in its own operations by 2030.

Frank Taaning Grundholm, ABB's Vice President of Global HVACR Sales, stated: "We need to start including sustainability requirements in our buildings specifications and ensure that solutions enable serviceability and circularity." He further added: "The Eurovent Summit will bring both European and global HVACR representatives together in finding market, design and regulatory solutions for our common goals. We look forward to creating new relations with other manufacturers, associations and even lobbyists."

This year's **EUROVENTSUMMIT** is co-organised with [ISKID](#), the Turkish Air Conditioning and Refrigeration Manufacturers' Association. It aims at **#BuildingBridges** between manufacturers and consultants, planners, installers, trade associations and policymakers between Europe, the East and beyond, toward more sustainable and circular products and a more socially and environmentally responsible industry.

Highlights include the [Eurovent Innovation/HUB](#) focused on the link between innovation and sustainability, a high-level policy panel presenting visions for the future of product efficiency from different stakeholders, a special honorary event 'Legends of Eurovent', a panel discussion on the future of industry exhibitions in the post-pandemic world, and a parallel seminar programme organised by [ISKID](#) and [TTMD](#) (in English and Turkish). Registration for the 2022 **EUROVENTSUMMIT** is live. Hotel rooms at the dedicated Summit hotel are available on a first-come, first-serve basis and discounted flights can be purchased via Turkish Airlines, the Summit's official airline. For more details and registration, visit [www.eurovent-summit.eu](http://www.eurovent-summit.eu).

## About Eurovent

Eurovent is Europe's Industry Association for Indoor Climate (HVAC), Process Cooling, and Food Cold Chain Technologies. Its members from throughout Europe represent more than 1.000 organisations, the majority small and medium-sized manufacturers. Based on objective and verifiable data, these account for a combined annual turnover of more than 30bn EUR, employing around 150.000 people within the association's geographic area. This makes Eurovent one of the largest cross-regional industry committees of its kind. The organisation's activities are based on highly valued democratic decision-making principles, ensuring a level playing field for the entire industry independent from organisation sizes or membership fees.

## Our Member Associations

Our Member Associations are major national sector associations from Europe that represent manufacturers in the area of Indoor Climate (HVAC), Process Cooling, Food Cold Chain, and Industrial Ventilation technologies.

The more than 1.000 manufacturers within our network (Eurovent 'Affiliated Manufacturers' and 'Corresponding Members') are represented in Eurovent activities in a democratic and transparent manner.
